## WORK EXPERIENCE

### Freelance Web Developer

*Self employed*

January 2021 - January 2024

*Novara, Italy*

- Create websites for small to medium-sized businesses with a modern and functional appearance
- Assist clients in expanding their online presence and reaching a wider audience
- Customize existing WordPress themes according to clients' unique needs
- Enhance website interactivity with advanced CSS and JavaScript techniques

### Data Analyst

*Esselunga S.P.A*

November 2020 – December 2023

*Biandrate, Italy*

- Optimized deliveries to achieve the fewest possible trips by collecting and analyzing truck routes across the entire northwest area of Italy
- Developed ideal loading and unloading timetables for each store, utilizing data from satellite devices installed on trucks
- Analyzed causes of delays and created modern Excel reports to improve planning and adjust carrier assignments accordingly
- Assisted upper management by presenting advanced data reports for crucial decisions regarding delivery methods and schedules
- Fostered automation in all office activities, refining the workflow of coworkers and managers. Examples include: generating emails with reports directly from Excel to increase accuracy, and writing Outlook VBA scripts for email filtering to improve time management

### Front Desk Receptionist

*D.H.L Express*

November 2017 - November 2020

*Malpensa Airport, Italy*

- Guided new customers in identifying the best shipping solution
- Sold additional services, including package insurance and time-definite deliveries, achieving branch sales goals every year
- Effectively carried out all administrative tasks required for operational practices and procedures. Examples include: checking destination customs laws and preparing documentation accordingly, dealing with invoices, and adhering to safety rules regarding lithium batteries

### Internal Sales Advisor

*TVH*

May 2015 - November 2017

*Marano Ticino, Italy*

- Successfully acquired new clients and provided support to my 100+ client base
- Strategized and handled new projects, such as the introduction of new products and services
- Dealt with complaints, managed orders, and assisted customers in identifying needed part

## VOLUNTEER EXPERIENCE

### IT Support

*Cyber-Seniors: Connecting Generations*

May 2024 - Present

*Remote, United States*

- Provides free technology support and training for older adults on 1 on 1 call.

## PROJECTS

### New York State Jobs Scraper

[newworkstate-fe.vercel.app](https://newworkstate-fe.vercel.app) (*live demo URL*)

React | TypeScript | Chakra UI | Puppeteer | AWS Lambda

- Developed a full stack web application with a serverless backend using AWS Lambda and a user-friendly frontend
- Scraped job listings from the New York State jobs website using Puppeteer and served them through a REST API.
- Created a responsive frontend with React, TypeScript, Chakra UI, and React Query.

### Guess the Player

[guess-the-player-nine.vercel.app](https://guess-the-player-nine.vercel.app) (*live demo URL*)

React | Typescript | Chakra UI

- Developed an interactive guessing game using React and TypeScript.
- Used Chakra UI for responsive design and implemented game mechanics like player randomization and score tracking.
- Ensured optimal performance with React hooks and context for state management.

## LANGUAGES

Italian (native)

English (full professional proficiency) - TOEFL Score 106/120

## EDUCATION

### High School Diploma

*I.T.I.S Fauser - Novara, Italy*
